TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

DIRECTORS' REPORT

The Directors have pleasure in submitting their report together with the audited financial statements of the Company for the financial year ended 30 June 2020.

PRINCIPAL ACTIVITIES

The Company is principally engaged in the development of small hydro - power scheme.

There have been no significant changes in the nature of the activity of the Company during the financial year.

UTILISATION OF PROCEEDS

During the financial year ended, the Company has issued RM470 million in nominal value of Islamic medium terms notes under Shariah principle of Wakalah Bi Al-Istithmar ("Telekosang ASEAN Green SRI Sukuk") under the Securities Commission Malaysia's Sustainable and Responsible Investment Sukuk Framework and ASEAN Capital Market Forum's ASEAN Green Bond Standards ("ASEAN GBS") and RM120 million nominal value of junior bonds under the ASEAN GBS ("Telekosang ASEAN Green Junior Bonds").

The proceeds from the issuance of the Telekosang ASEAN Green SRI Sukuk and Telekosang ASEAN Green Junior Bonds are mainly utilised to design, develop, finance, construct and own the Company's 24MW small hydropower plant and to advance to Telekosang Hydro Two Sdn. Bhd. for its 16MW small hydropower plant in the same river basin. Apart from that, it is also used to fund the finance service reserve account and pay any expenses incurred in relation to the Telekosang ASEAN Green SRI Sukuk and Telekosang ASEAN Green Junior Bonds.

FINANCIAL RESULTS

	RM
Total comprehensive income financial year	<u>4,259,431</u>

DIVIDENDS

There were no dividends paid or declared by the Company since the end of the previous financial year.

The Directors do not recommend any dividend in respect of the current financial year.

RESERVES AND PROVISIONS

There were no material transfers to or from reserves or provisions during the financial year.

ISSUE OF SHARES AND DEBENTURES

During the financial year, the following shares were issued: -

<u>Date of issue</u>	<u>Purpose of issue</u>	<u>Class of share</u>	<u>Number</u>	<u>Terms of issue</u>
1.7.2019	Working Capital	Preference	22,500,000	Cash
19.7.2019	Working Capital	Preference	35,000,000	Cash

The Company had on 6 August 2019 issued the Telekosang ASEAN Green SRI Sukuk and Telekosang ASEAN Green Junior Bonds.

Company No: 1242773 - K

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

INFORMATION ON THE FINANCIAL STATEMENTS

Before the financial statements of the Company were made out, the Directors took reasonable steps: -

- a) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts and have satisfied themselves that there were no bad debts to be written-off and no allowance for doubtful debts was required; and
- b) to ensure that any current assets which were unlikely to be realized in the ordinary course of business including their values as shown in the accounting records of the Company have been written down to an amount which they might be expected so to realize.

At the date of this report, the Directors are not aware of any circumstances: -

- a) which would render it necessary to write off any bad debts or to make any allowance for doubtful debts in the financial statements of the Company; or
- b) which would render the values attributed to current assets in the financial statements of the Company misleading; or
- c) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Company misleading or inappropriate.

No contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial period which, in the opinion of the Directors, will or may affect the ability of the Company to meet its obligations as and when they fall due.

At the date of this report, there does not exist: -

- a) any charge on the assets of the Company which has arisen since the end of the financial year which secures the liability of any other person; or
- b) any contingent liability of the Company which has arisen since the end of the financial year.

OTHER STATUTORY INFORMATION

The Directors state that: -

At the date of this report, the Directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements which would render any amount stated in the financial statements misleading.

In the opinion of Directors: -

- a) the results of the Company's operations during the financial year were not substantially affected by any item, transaction or event of a material and unusual nature; and
- b) there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature which is likely to affect substantially the results of the operations of the Company for the current financial period in which this report is made.

Company No: 1242773 - K

TELEKOSANG HYDRO ONE SDN. BHD.

AUDITORS' REPORT

INDEPENDENT AUDITORS' REPORTS TO THE MEMBERS OF TELEKOSANG HYDRO ONE SDN. BHD. (Company No: 1242773 - K)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Telekosang Hydro One Sdn. Bhd., which comprise the statement of financial position as at 30 June 2020, and the statement of comprehensive income, statement of changes in equity and statement of cash flow for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 10 to 39.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 30 June 2020, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the provisions of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the Directors' Report but does not include the financial statements of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Company does not cover the Directors' Report and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements of the Company, our responsibility is to read the Directors' Report and, in doing so, consider whether the Directors' Report is materially inconsistent with the financial statements of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the Directors' Report, we are required to report that fact. We have nothing to report in this regard.

AUDITORS' REPORT (CONTINUED)

INDEPENDENT AUDITORS' REPORTS TO THE MEMBERS OF TELEKOSANG HYDRO ONE SDN. BHD. (Company No: 1242773 - K)

Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the provisions of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Company, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

AUDITORS' REPORT (CONTINUED)

INDEPENDENT AUDITORS' REPORTS TO THE MEMBERS OF TELEKOSANG HYDRO ONE SDN. BHD. (Company No: 1242773 - K)

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

- Evaluate the overall presentation, structure and content of the financial statements of the Company, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matters

1. As stated in Note 2 to the financial statements, the Company adopted Malaysian Financial Reporting Standards on 1 July 2019 with a transition date of 1 July 2018. These standards were applied retrospectively by Directors to the comparative information in these financial statements, including the statements of comprehensive income, statements of changes in equity, and statement of cash flow for the financial year ended 30 June 2019 and related disclosures. We were not engaged to report on the restated comparative information and it is unaudited. Our responsibilities as part of our audit of the financial statements of the Company for the financial year ended 30 June 2020 have, in these circumstances, included obtaining sufficient appropriate audit evidence that the opening balances as at 1 July 2018 do not contain misstatements that materially affect the financial position as at 30 June 2020 and financial performance and cash flows for the financial year ended.
2. This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act, 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS - 30 JUNE 2020

1. GENERAL INFORMATION

The Company is principally engaged in the development of small hydro - power scheme.

There have been no significant changes in the nature of the activity of the Company during the financial year.

The Company is a private limited liability company, incorporated and domiciled in Malaysia.

The ultimate holding Company of the Company is Jentayu Capital Sdn. Bhd., a private limited liability Company, incorporated and domiciled in Malaysia.

The immediate holding Company of the Company is Senja Optima Sdn. Bhd., a private limited liability Company, incorporated and domiciled in Malaysia.

The registered office of the Company is located at No F-3-7 Block F Lot 37 3rd Floor, Lorong Plaza Utama Alamesra, 88400 Kota Kinabalu, Sabah.

The principal place of business of the Company is located at Suite 2, 2nd Floor, Block A, Iramanis Centre Jalan Lintas, 88450 Kota Kinabalu, Sabah.

The number of employees in the Company at the end of the financial year were 9 (2019: Nil) persons.

The financial statements were authorized for issue by the Board of Directors in accordance with a resolution of the Directors on 14 December 2020.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

2.1 Statement of compliance

The financial statements of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards and the provisions of the Companies Act, 2016 in Malaysia. These are the Company's first financial statements prepared in accordance with MFRS and MFRS 1, *First-time Adoption of Financial Reporting Standards* has been applied.

In the previous year, the financial statements of the Company were prepared in accordance with Malaysian Private Entity Reporting Standard ("MPERS"). The accounting policies set out in Note 3 have been applied in preparing the financial statements of the Company for the financial year ended 30 June 2020, the comparative information presented in these financial statements for the financial year ended 30 June 2019 and in the preparation of the opening MFRS statement of financial position as at 1 July 2018 (date of transition to MFRS).

The transition to MFRS does not have significant financial impact to the financial statements of the Company.

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS (CONTINUED)

2.2 Adoption of new MFRSs, Amendments/Improvements to MFRSs and IC Interpretations

- Amendments to MFRS 12 *Disclosure of Interests in Other Entities*
- Amendments to MFRS 112 *Recognition of Deferred Tax Assets for Unrealised Losses*

The adoption of the above standards, amendments to published standards and IC Interpretation did not have any significant effect on the financial statements of the Company respectively upon their initial application.

2.3 Changes in accounting policies

The accounting policies adopted by the Company are in consistent with those of the previous financial year, except for the adoption of the following standards and amendments which mandatory for annual financial year beginning on or after 1 January 2019: -

- Amendments to MFRS 112 *Income Tax Consequences of Payments on Financial Instruments Classified as Equity*
- IC Interpretation 23 *Uncertainty over Income Tax Treatments*
- Annual Improvements to MFRSs 2015-2018 Cycle

The adoption of the above standards, amendments to published standards and IC Interpretation did not have any significant effect on the financial statements of the Company respectively upon their initial application.

2.4 Standards issued but not yet effective

The following are accounting standards, amendments and interpretations that have been issued by the Malaysian Accounting Standards Board (“MASB”) but are not yet effective and have not been adopted by the Company: -

Effective for annual periods beginning on or after 1 January 2020

- Amendments to MFRS 3, *Definition of a Business*
- Amendments to MFRS 9, MFRS 139 and MFRS 7: *Interest Rate Benchmark Reform*
- Amendments to MFRS 101, *Definition of Material*
- Amendments to MFRS 108, *Definition of Material*

Effective for annual periods beginning on or after 1 June 2020

- Amendments to MFRS 16, *Covid-19-Related Rent Concessions*

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS (CONTINUED)

2.4 Standards issued but not yet effective (continued)

Effective for annual periods beginning on or after 1 January 2021

- Amendments to MFRS 9, MFRS 139, MFRS 7, MFRS 4 and MFRS 16: *Interest Rate Benchmark Reform - Phase 2*

Effective for annual periods beginning on or after 1 January 2022

- Amendments to MFRS 116: *Property, Plant and Equipment - Proceeds before Intended Use*
- Amendments to MFRS 137: *Onerous Contracts – Cost of Fulfilling a Contract*
- Annual improvements to MFRS 2018 - 2020

Effective for annual periods beginning on or after 1 January 2023

- Amendments to MFRS 17: *Insurance Contracts*
- Amendments to MFRS 101: *Classification of Liabilities as Current or Non-Current*

The Company will adopt the abovementioned accounting standards, interpretations and amendments from the annual period beginning 1 July 2020 for those accounting standards, interpretations and amendments, that are effective for annual periods beginning on or after 1 January 2020, if applicable.

2.5 Basis of measurement

The financial statements have been prepared on the historical cost basis unless otherwise disclosed.

2.6 Functional and presentation currency

These financial statements are presented in Ringgit Malaysia ('RM'), which is the Company's functional currency.

2.7 Use of estimates and judgements

The preparation of the financial statements in conformity with MFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. The areas involving significant judgements and estimation uncertainties are disclosed in Note 4.

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to the periods presented in these financial statements and have been applied consistently by the Company, unless otherwise stated.

3.1 Property, plant and equipment

a. Recognition and measurement

Items of property, plant and equipment are measured at cost less any accumulated depreciation and any accumulated impairment losses.

Cost includes expenditures that are directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. The cost of self-constructed assets also includes the cost of materials and direct labor. Cost also may include transfers from equity of any gain or loss on qualifying hedges of foreign currency purchases of property, plant and equipment.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and is recognised net within "other operating income" or "other operating expenses" respectively in profit or loss.

b. Subsequent cost

The cost of replacing a component of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised to profit or loss. The costs of the day to day servicing of property, plant and equipment are recognised in profit or loss as incurred.

c. Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed, and if a component has a useful life that is different from the remainder of that asset, then that component is depreciated separately.

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment from the date that they are available for use. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Company will obtain ownership by the end of the lease term. Property, plant and equipment under construction such as capital work-in-progress are not depreciated until the assets are ready for their intended use.

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.1 Property, plant and equipment (continued)

c. Depreciation (continued)

Capital work-in-progress are not depreciated but are subject to impairment test if there is any indication of impairment.

The principal annual rates for the current year are as follow: -

Office equipment	20%
------------------	-----

If there is an indication that there has been a significant change since the last annual reporting date in the pattern by which the Company expects to consume an asset's future economic benefits, the Company would review its present depreciation method and, if current expectations differ, the Company would amend the residual value, depreciation method or useful life to reflect the new pattern.

3.2 Impairment of non-financial assets

The carrying amounts of non-financial assets (i.e. property, plant and equipment, investment property, and intangible assets) are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or cash-generating units. For the purpose of goodwill impairment testing, cash-generating units to which goodwill has been allocated are aggregated so that the level at which impairment testing is performed reflects the lowest level at which goodwill is monitored for internal reporting purposes.

The goodwill acquired in a business combination, for the purpose of impairment testing, is allocated to a cash-generating unit or a group of cash-generating units that are expected to benefit from the synergies of the combination.

The recoverable amount of an asset or a cash-generating unit is the higher of its fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash-generating unit.

An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit exceeds its estimated recoverable amount.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit (group of cash-generating units) and then to reduce the carrying amounts of the other assets in the cash-generating unit (groups of cash-generating units) on a pro rata basis.

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.3 Financial instruments

Financial instruments, comprising financial assets and financial liabilities, are recognized in the statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

3.3.1 Initial recognition

All financial assets and liabilities are initially recognized at fair value, which is usually the transaction price including, where appropriate, transaction costs, with the exception of trade receivables without a significant financing component, which are measured at their transaction price, determined in accordance with the Company's accounting policies for revenue.

3.3.2 Financial asset

a) Classification and measurement

i. Financial assets measured at fair value through profit or loss (FVPL)

Such assets are re-measured to fair value at the end of each reporting period. Gains and losses arising from re-measurement are taken to profit or loss.

Equity investments are classified as FVPL unless they are designated as at FVOCI on initial recognition. Dividends from equity investments, irrespective of whether classified as FVPL or FVOCI, are recognized in profit or loss as finance income.

ii. Financial assets measured at FVOCI

At the end of each reporting period they are re-measured to fair value, with the cumulative gain or loss compared to their amortised cost (AC) being recognized in other comprehensive income and in the fair value reserve, except for the recognition in profit or loss of expected credit losses, interest income (calculated using the effective interest method) and foreign exchange gains and losses.

When these assets are derecognized, the cumulative gain or loss is reclassified from equity to profit or loss.

Equity investments not held for trading purposes are designated as at FVOCI where they are considered strategic to the Company. Such designation is made on an instrument-by-instrument basis, but may only be made if the investment meets the definition of equity from the issuer's perspective. Amounts accumulated in the fair value reserve in respect of these investments are transferred directly to retained earnings on the disposal of the investment. These investments are not subject to impairment.

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.3 Financial instruments (continued)

3.3.2 Financial asset (continued)

a) Classification and measurement (continued)

iii. Financial assets measured at amortised cost

Financial assets are held at amortised cost when they arise from contracts which give rise to contractual cash flows which are solely principal and interest and are held in a business model which mainly holds the assets to collect contractual cash flows. Interest income is included in finance income.

b) Impairment on financial asset

The Company recognizes an allowance for impairment on non-equity financial assets held at FVOCI and AC, and also on contract assets and lease receivables on an expected credit loss basis. Increases and decreases in the impairment allowance are recognised in profit or loss.

The expected credit losses are the difference (on a present value basis) between the contractual cash flows (or transaction price) and the present value of cash flows expected to be received based on the Company's past loss experience and reasonable and supportable expectations, at the end of the reporting period, about future credit conditions.

For trade receivables, contract assets and lease receivables, the Company recognizes impairment both individually and using provision matrices based on the probability that the customer will default during the lifetime of the asset, and the loss that will be incurred given the default (the lifetime expected loss).

For all other financial assets that are not purchased or originated credit-impaired, the Company recognizes impairment initially based on the probability that the customer or counterparty will default in the next 12 months unless there has been a significant deterioration in credit quality, or the financial asset becomes credit impaired in which case the impairment allowance is increased to the lifetime expected loss.

An asset is credit impaired when it has one or more of the loss events described below:-

- significant financial difficulty of the borrower or issuer;
- a breach of contract, such as a default or past due event;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganization; or

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.3 Financial instruments (continued)

3.3.2 Financial asset (continued)

b) Impairment on financial asset (continued)

- the disappearance of an active market for a security because of financial difficulties. In the case of purchased or originated credit-impaired financial assets, the Group only recognizes the cumulative changes in lifetime expected credit losses since initial recognition as a loss allowance.

c) Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or where it neither transfers nor retains substantially all of the risks and rewards of ownership and loses control.

When control is retained, the Company continues to recognize the financial asset to the extent of its continuing involvement. Financial assets are also de-recognized when they are written off. Financial assets are written off when there is no reasonable expectation of further recoveries even though there may be enforcement actions ongoing.

3.3.3 Financial liabilities

a) Classification and measurement

i. Financial liabilities at amortized cost

Financial liabilities, except those designated as at FVPL, are stated at amortised cost using the effective interest method. Interest is included in finance expenses unless capitalised into property, plant and equipment.

ii. Financial liabilities designated as at FVPL

Certain financial liabilities have irrevocably designated as at FVPL on initial recognition because they are managed and their performance is evaluated on a fair value basis and information is provided internally on that basis to the Company's key management personnel.

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.4 Receivables

Receivables are carried at invoice amount less an allowance for impairment. The allowance is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of receivables. When the debt becomes uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are recognised in the statement of profit or loss.

3.5 Cash and cash equivalent

Cash and cash equivalents consist of cash in hand, balances and deposits with banks and highly liquid investments which have an insignificant risk of changes in fair value with original maturities of three months or less, and are used by the Company in the management of their short-term commitments. For the purpose of the statement of cash flows, cash and cash equivalents are presented net of bank overdrafts and pledged deposits.

3.6 Equity instruments

Instruments classified as equity are measured at cost on initial recognition and are not remeasured subsequently.

a) Issue expenses

Costs directly attributable to the issue of instruments classified as equity are recognized as a deduction from equity, net of any related income tax benefit.

b) Ordinary shares

Ordinary shares are classified as equity.

c) Preference shares

Preference share capital is classified as liability as it is redeemable on a specific date or at the option of the equity holders, or if dividend payments are not discretionary. Dividends thereon recognized as interest expense in profit or loss accrued.

3.7 Payables

Payables including accruals, represent liabilities for goods received and services rendered to the Company prior to the end of the financial year and which remain unpaid. Payables are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities.

3.8 Provisions

Provisions are recognised when the Company have a present obligation as a result of a past event, it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be estimated reliably.

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.8 Provisions (continued)

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

3.9 Leases

Accounting as lessee

Accounting policies applied from 1 July 2019

From 1 July 2019, leases are recognised as right-of-use (“ROU”) asset and a corresponding liability at the date on which the leased asset is available for use by the Company (i.e. the commencement date).

Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices.

i. Lease term

In determining the lease term, the Company considers all facts and circumstances that create an economic incentive to exercise an extension option, or not to exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not to be terminated).

The Company reassess the lease term upon the occurrence of a significant event or change in circumstances that is within the control of the Company and affects whether the Company is reasonably certain to exercise an option not previously included in the determination of lease term, or not to exercise an option previously included in the determination of lease term. A revision in lease term results in remeasurement of the lease liabilities.

ii. ROU assets

ROU assets are initially measured at cost comprising the following:

- The amount of the initial measurement of lease liability;
- Any lease payments made at or before the commencement date less any incentive received;
- Any initial direct cost; and
- Decommissioning or restoration costs.

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.9 Leases (continued)

ii. ROU assets (continued)

ROU assets are subsequently measured at cost, less accumulated depreciation and impairment loss, if any. The ROU assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. In addition, the ROU assets are adjusted for certain remeasurement of these lease liabilities.

iii. Lease liabilities

Lease liabilities are initially measured at the present value of the lease payments that are not paid at the date. The lease payments include the following:

- Fixed payments (including in-substance fixed payments), less any lease incentive receivable;
- The exercise price of extension options if the Company is reasonably certain to exercise that option; and
- Payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option.

The Company presents the lease liabilities in the statement of financial position. Interest expense on the lease liability is presented within the finance cost in the statement of profit or loss.

Lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used. This is the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the ROU in a similar economic environment with similar term, security and conditions.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

iv. Short-term leases and leases of low-value assets

Short-term leases are leases with a lease term of 12 months or less. Payments associated with short-term leases of equipment, land and buildings, and network cell sites and all leases of low value assets are recognised on a straight-line basis as an expense in profit or loss.

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.10 Borrowings

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or completed.

3.11 Employee benefits

a) Short-term employee benefits

Short-term employee benefit obligations in respect of salaries, annual bonuses, paid annual leave and sick leave are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b) Defined contribution plans

As required by law, companies in Malaysia make contributions to the state pension scheme, the Employees Provident Fund (“EPF”). Such contributions are recognized as an expense in the income statement as incurred. Once the contributions have been paid, the Company has no further payment obligations.

3.12 Income tax

Income tax expense comprises current and deferred tax. Current tax is the amount of income taxes payable or receivable in respect of the taxable profit or loss for the year. Current tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities using the tax rates that have been enacted or substantively enacted by the reporting date.

Current tax is recognised in profit or loss except to the extent that the tax relates to the items recognised outside profit or loss, either in other comprehensive income or directly in equity.

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.12 Income tax (continued)

Deferred tax liabilities and assets are provided for, using the liability method, in respect of all temporary differences between the carrying amount of an asset or liability in the statement of financial position and its tax base including unabsorbed tax losses and capital allowances unless the deferred tax arises from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of transaction, affects neither accounting profit nor taxable profit.

A deferred tax asset is recognised only to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised. The carrying amount of a deferred tax asset is reviewed at each reporting date. If it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or all of that deferred tax asset to be utilised, the carrying amount of the deferred tax asset will be reduced accordingly. When it becomes probable that sufficient taxable profit will be available, such reduction will be reversed to the extent of the taxable profit.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred income taxes relate to the same taxation authority.

Deferred tax will be recognised as income or expense and included in the profit or loss for the period unless the tax relates to items recognised outside the profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly to equity and deferred tax arising from a business combination is adjusted against goodwill on consolidation.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the reporting date.

3.13 Fair value measurements

Fair value of an asset or a liability, except for lease transactions, is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the absence of a principal market, in the most advantageous market.

For non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.13 Fair value measurements (continued)

When measuring the fair value of an asset or a liability, the Company use observable market data as far as possible. Fair value is categorised into different levels in a fair value hierarchy based on the input used in the valuation technique as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: unobservable inputs for the asset or liability.

The Company recognises transfers between levels of the fair value hierarchy as of the date of the event or change in circumstances that caused the transfers.

4. CRITICAL JUDGEMENT AND ESTIMATION UNCERTAINTY

The measurement of some assets and liabilities requires management to use estimates based on various observable inputs and other assumptions. The areas or items that are subject to significant estimation uncertainties of the Company are in measuring: -

4.1 Depreciation of property, plant and equipment

The costs of property, plant and equipment are depreciated on a straight-line basis over the assets' useful lives. Changes in the expected level of usage could impact the economic useful life and the residual values of those assets, therefore future depreciation charges could be revised.

The Company anticipate that the residual values of their property, plant and equipment will be significant. As a result, the residual values are not being taken into consideration for the computation of depreciable amount.

4.2 Income taxes

There are certain transactions and computations for which the ultimate tax determination may be different from the initial estimates. The Company recognise tax liabilities based on its understanding of the prevailing tax laws and estimates of whether such taxes will be due in the ordinary course of business. Where the final outcome of these matters is different from amount that were initially recognised, such difference will impact the income tax and deferred tax provisions in the period in which such determination is made.

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

4. CRITICAL JUDGEMENT AND ESTIMATION UNCERTAINTY (CONTINUED)**4.3 Impairment of trade and other receivables**

An impairment loss is recognised when there is objective evidence that a financial asset is impaired. Management specifically reviews its loan and receivables financial assets and analyses historical bad debts, customer concentrations, customer creditworthiness, current economic trends and changes in the customer payment terms when making a judgement to evaluate the adequacy of the allowance for impairment losses. Where there is objective evidence of impairment, the amount and timing of future cash flows are estimated based on historical loss experience for assets with similar credit risk characteristics. If the expectation is different from the estimation, such difference will impact the carrying value of receivables.

5. PROPERTY, PLANT AND EQUIPMENT

	<u>Office Equipment</u> RM	<u>Capital work- in-progress</u> RM	<u>Total 2020</u> RM	<u>Total 2019</u> RM
Cost				
At beginning of financial year	5,300	48,826,281	48,831,581	3,268,701
Additions	5,667	158,244,603	158,250,270	45,562,880
At end of financial year	10,967	207,070,884	207,081,851	48,831,581
Accumulated depreciation				
At beginning of financial year	1,112	-	1,112	52
Charge for the financial year	1,839	-	1,839	1,060
At end of financial year	2,951	-	2,951	1,112
Net carrying value				
At 30.06.2020	8,016	207,070,884	207,078,900	-
At 30.06.2019	4,188	48,826,281	-	48,830,469
Depreciation charged for the financial year ended 30.6.2019	1,060	-	-	1,060

The capital work-in-progress is in respect of preparation and set up costs for small-hydropower plants.

Impairment assessment

The Company assessed whether there was an indicator of impairment during the financial year. In doing this, management considered the current environments and performance of the capital work-in-progress.

TELEKOSANG HYDRO ONE SDN. BHD.
(Incorporated in Malaysia)

5. PROPERTY, PLANT AND EQUIPMENT (CONTINUED)Impairment assessment (continued)

Management has made estimates about the future results and key assumptions applied to cash flow projection of the capital work-in-progress in determining their recoverable amounts using the Value-In-Use model (“VIU”). These key assumptions include forecast growth in future revenues and operating profit margins, as well as determining an appropriate pre-tax discount rate and growth rate. Management has determined that the recoverable amounts are in excess of the carrying amounts of the capital work-in-progress and no impairment has been recorded in the current year.

6. RIGHT OF USE ASSETS

	<u>Rental of vehicles</u>

20. SUBSEQUENT EVENTS

On 16 March 2020, Malaysia Government had announced the imposition of Movement Control Order (MCO) nationwide to curb spreading of COVID-19 in Malaysia, pursuant to the Prevention and Control of Infectious Disease Act 1988 and the Police Act 1967.

Before these financial statements were made out, the Board of Directors had considered the impact of COVID-19 outbreak in Malaysia, which would have affected the financial position, performance and cash flow of the Company as ended on the reporting date thereon.

The management concluded that the impact of non-adjusting events from this COVID-19 outbreak has not significantly affected the fair value of the financial assets/ liabilities and non-financial assets of the Company, including the classification of current and non-current items that were presented on the reporting date.

Given the current economic circumstances, it was difficult for the management to ascertain the financial position performance and cash flow of the Company for the period ending on the next 12 months from the date of this report. The management is confident that the Company will be operate as a going concern in the foreseeable future.
